

Dear brothers and sisters of FUMEC,

GLORY BE TO GOD!

I am writing to you all with hope and happiness in the middle of a difficult situation that we are living in Haiti.

We have received news from the President of MEC Haiti, Rev. Esdras Salomón. He has communicated with the Regional Office FUMEC ALC his thanksgiving to God for saving his life but also communicated that he is very worried about the situation that they are facing after the earthquake.

We thank you for your prayers and the contributions that some of you have made from the FUMEC Regions. We invite you to continue united in solidarity as part of the people of God.

The Regional Office of FUMEC ALC is organizing a central liturgical celebration to commemorate the World Day of Prayer by the students this upcoming October 26, with the participation of more than two thousand people that will be sharing a special offering to support our brothers and sisters in Haiti.

We are sharing with all of you the photographs sent from MEC of Haiti. Once again, we are giving a call for help for our brothers and sisters that are suffering.

We continue forward!

Blessings,
